Warm Springs Age-Friendly Center Groundbreaking on June 7

In partnership with The Mission Peak Company, the City of Fremont is hosting a groundbreaking ceremony on Friday, June 7, at 11 a.m. to celebrate the start of construction on an 11,000-square-foot Age-Friendly Center in Fremont's Warm Springs District.

This new center, the second City building in Fremont dedicated to services for older adults, will provide residents aged 55 years and older a variety of classes and activities such as exercise classes, informational events, and access to many social services and cultural celebrations. As part of the new age-restricted master-planned community, Mission Falls, this center will help fulfill Fremont's goal of being an inclusive community to residents of all ages. It is expected to open by fall 2021.

Master of Ceremonies and Human Services Director Suzanne Shenfil will kick off the festivities, along with Fremont Mayor Lily Mei and City Manager Mark Danaj. The event will be held in the lot immediately adjacent to Pauline Weaver Senior Apartments, located at 47111 Mission Falls Ct.

To RSVP for the event visit www.age-friendly.site/groundbreaking or call 510-790-6600.

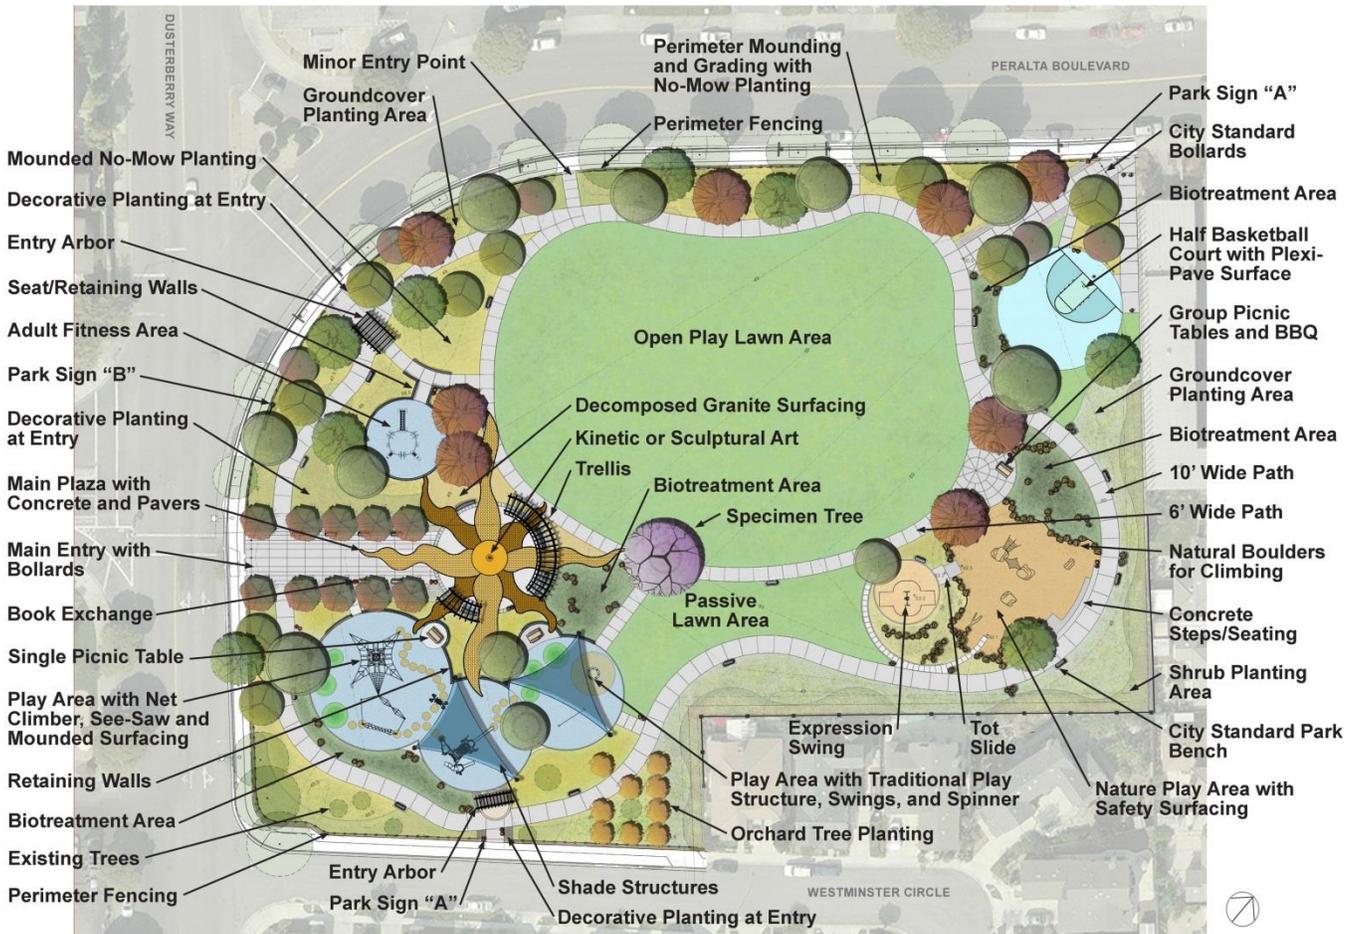

Dusterberry Neighborhood Park Master Plan

On May 15, 2019, the Fremont Recreation Commission voted to recommend that the Fremont City Council approve the Dusterberry Neighborhood Park Master Plan. This Master Plan is the result of six months of community input gathered through four public meetings that also included design exercises with residents and three online surveys. The Master Plan will be presented to the City Council at its regularly scheduled meeting on Tuesday, June 18 at 7 p.m. at City Hall, located at 3300 Capitol Ave. in Fremont.

Dusterberry Park is the future 4-acre park in the planning stages and it will be located at the corner of Dusterberry Way and Peralta Boulevard. The current building will eventually be demolished and the concrete and asphalt removed to make way for a park that serves the residents in the neighborhood.
