New Location Announced for Navigation Center Workshops

Due to the large attendance expected at the community workshops for Fremont's temporary Housing Navigation Center, the City has relocated both workshops to Harbor Light Church, 4760 Thornton Ave., one of Fremont's largest venues. The workshop on Wednesday, August 14, will now start at 5:30 p.m. to accommodate the venue's schedule.

The new location and times for the workshops are:

- Wednesday, August 14, from 5:30 p.m. – 8:30 p.m., at Harbor Light Church, 4760 Thornton Ave.
- Saturday, August 24, from 10 a.m. – 1:00 p.m., at Harbor Light Church, 4760 Thornton Ave.

Workshops are open to the public and will include information about what a navigation center is and the role navigation centers play in addressing homelessness. Staff will be available to answer questions and receive feedback from the public, which will be shared with the Fremont City Council at a meeting in September (date TBD). For more information about the City of Fremont's temporary Housing Navigation Center, and to subscribe to project updates visit www.Fremont.gov/NavigationCenter.

Workshops will no longer take place at the previously announced locations of City Hall and the Centerville Library.

City of Fremont Plans Summer Street Improvements

The City of Fremont will repave or seal over 200 street segments, a total of 31 miles of roadway, this summer. With significant funding received through a federal grant and State Senate Bill 1 (SB1), the street maintenance work will involve the repair of damaged pavement and sidewalks, asphalt overlay or sealing, installation of enhanced bicycle lanes including bike buffers in some locations, and upgrading curb ramps to ADA requirements. The work will address 12 street segments where roadway conditions are rated as “poor”, and includes portions of Warm Spring Boulevard, Deep Creek Road, Farwell Drive, and Olive Avenue.

The current overall Pavement Condition Index (PCI) for Fremont is rated as “good” (PCI 73 out of 100) and 72% of the street network was rated as “excellent” or “very good” in 2018. Road conditions have been improving citywide with the continued annual funding from the City of Fremont, Alameda County voter-approved Measure B, BB, and Vehicle Registration Fees (VRF), and state gas taxes (including SB1).

To view a complete list of streets being paved this summer, visit www.Fremont.gov/PavementMaintenance.

Fremont’s 36th Festival of the Arts

The Fremont Festival of the Arts is back for its 36th year in action. Join the Fremont Chamber of Commerce on August 3 and 4 from 10 a.m. to 6 p.m. to enjoy California’s premiere art, wine, and music festival in Downtown Fremont. The City of Fremont also invites residents to stop by the City’s booth to meet our staff and learn more about City programs and services. For more information on this year’s festival, please visit www.FremontFestival.net.

No-Cost Green House Calls Now Available for Fremont Residents

The City of Fremont is partnering with nonprofit Rising Sun Center for Opportunity to offer Fremont residents no-cost energy and water conservation services to help them lower their utility bills.

Through August 8, Fremont residents can sign up for a Green House Call. During their appointment, they may receive the following, all at no cost:

- Home energy and water efficiency assessment
- Installation of efficient LED light bulbs, showerheads, and faucet aerators
- Installation of Advanced Power Strip (approximately \$50 value)
- Toilet leak detection test

- Information about Home Energy Analytics, a no-cost online service that analyzes energy use to identify energy waste in the home and help save money

The City is encouraging residents to utilize this opportunity to save money and positively impact the environment. Space is limited, and appointments are only available until August 8. To schedule an appointment, please call 510-665-1501 ext. 300 or visit www.RisingSunOpp.org/Programs/GHC.

Rising Sun is a local nonprofit that operates job training and employment programs for underserved youth and adults to address climate change and economic inequity. Green House Calls are supported by California utility customers and administered under the auspices of the California Public Utilities Commission.

Tri-City Animal Shelter Adoption Fees Waived through August 30

The Tri-City Animal Shelter is full, bursting at the seams with some of the most adorable animals you have ever seen! Have you put off adopting an animal? If so, now's the time to visit the shelter and adopt! Adoption fees for qualified adopters are waived through the end of August.

To prepare for your visit, please visit the Tri-City Animal Shelter website for information about our process and a list of available animals: www.tricityanimalshelter.org/154/Adoption-Process.
