

Free Outdoor Field Trips

For 2nd & 3rd Grade Classes in Fremont
(Public, Private & Home Schools)

Brought to you by the City of Fremont, Environmental Services

Grade 2

Garden Wonders, Critters & More

Free 2-hour field trip to explore the Nature Learning Center and native garden. Students will learn about life cycles, and beneficial bugs and critters while visiting our pollinator garden.

Inside the Nature Learning Center Lab the students will observe plant and insect specimens under a hand lens.

Grade 3

Stivers Lagoon Exploration

Free 2-hour field trip that explores Stivers Lagoon. Students walk through this unique urban marsh, while learning about watersheds, wetlands, and the effects of litter and pollution on wildlife and the environment.

Inside the Nature Learning Center Lab the students will discover and identify fresh water organisms.

Student activities meet the 2nd and 3rd grade standards for physical science, investigation, and experimentation.
