

New Carts for Fremont Residents Are Coming!

We will be delivering new collection carts to all single-family homes starting April 29th and continuing through mid-October. During the exchange, we will service your carts on your normal service day and replace them with new carts after they have been emptied.

You will receive an automated call a few days prior to your service day, reminding you to leave carts out so they can be exchanged.

*On your specific exchange day, please leave old carts at the curb until 6pm so they can be exchanged.

If you have any questions please contact us at [510-354-2416](tel:510-354-2416)
