## OPERATION REQUIREMENTS

Open businesses must implement Site Specific Protection Plans to include the following elements:

- Prepare, post, implement, and distribute Personnel and Social Distancing Protocol and Site Specific Protection Plan for employees and customers
- Physical distancing plans for employees and customers
- Administrative controls to stagger employees, breaks, and maximize teleworking for those that can work remotely
- Training for employees on limiting spread of COVID-19 (temperature and/or symptoms screening, hand washing technique, and face covering requirements)
- Disinfection protocols for routine and deep cleaning
- Industry-specific best practices
- Notification of COVID-19 positive cases
- Compliance and documentation

## NOT OPEN The following businesses are not currently permitted to open:

- Offices not specified above
- Dine-in restaurants
- Bars, brewpubs, breweries, pubs, tasting rooms
- Personal care services including hair salons, barbershops, nail salons, massage parlors, aestheticians and cosmetology, ear piercing salons, and tattoo parlors

- Gyms and fitness studios
- Indoor and outdoor museums, kids museums and gallery spaces
- Libraries
- Zoos
- Theme parks
- Gaming facilities
- Pro sports
- Community centers
- Nightclubs
- Concert venues
- Outdoor and indoor pools
- Any business not identified in the reopen list and did not normally operate primarily outdoors prior to March 16, 2020

### Additional Information

- Outdoor display of goods by vendors or stores
- Customers may not enter any enclosed or partially enclosed areas of a retail store

## VEHICLE GATHERINGS

Vehicle gatherings of up to 200 cars at a time, for no longer than 3 hours, are permitted under the following conditions:

- The new Vehicle Gathering Order is intended to permit graduation ceremonies and religious activities.
- Gathering must be held outdoors, in parking lots and must be by invite only.
- Gatherings of more than 10 cars must have onsite security, requested by a private security firm if the organizer does not employ security guards.
- Face coverings and social distancing must be adhered to by security and on-site event organizer.
- Vehicles must park 6 feet apart, and size/space of location will determine number of cars allowed. The 6-foot distance is required on all sides of a vehicle. This requirement generally reduces the number of allowable parking spaces in a parking lot to 25-30% of its normal capacity.
- Parking arrangement must accommodate emergency vehicle access. There must be a 20-foot isle clearance from vehicle entry point to any buildings located on site, and there must be a 20-foot isle clearance immediately adjacent to all sides of buildings located on site.
- No food or drink sales or exchanges of any items between vehicles or organizers are permitted at the event. Exception: the host may provide a significant document to one participant at a time.
- Any food/drink or refuse brought by occupants of a vehicle must remain in the vehicle.
- Occupants of the cars:
  - Must be of the same household
  - Must wear face coverings if the windows are open
  - Must remain in the car at all times, except to go to the bathroom (if one is provided), or if host expresses permission for a brief period of time (limited to one vehicle at a time)
  - May not linger/socialize with occupants of other cars if outside the car
- Vehicles must be enclosed. No convertibles, motorcycles or vehicles without doors may participate. All applicable vehicle codes apply.
- Amplified sound will be limited; radio transmission is recommended. For example, audio can be delivered using car radio, telephone conference calls, or live streams via: Zoom, Facebook, Youtube, or other platforms.
- If usage of City property usage is granted, the event organizer must provide a minimum \$1,000,000 liability insurance certificate and additional insurance endorsement with the City of Fremont as additional insured. Details about insurance requirements can be found at [www.Fremont.gov/Insurance](http://www.Fremont.gov/Insurance).
- Event host must review the health order carefully to ensure adherence to all necessary requirements.

### Other Considerations:

- Events should take place between 6:00 a.m. to 8:00 p.m. (exceptions may be made for unusual circumstances.)
- Event notifications to nearby residents and businesses may be required.
- Parked vehicles are recommended to have engines turned off.
- Events with high number of attendance or vehicle line up should consider staggered arrival.
- The event host may establish additional criteria, such as limiting length of participating vehicles or allowing only one vehicle per family.
- To apply for a permit visit [www.FremontPolice.gov/VehicleGatherings](http://www.FremontPolice.gov/VehicleGatherings)

For more information visit [www.Fremont.gov/Coronavirus](http://www.Fremont.gov/Coronavirus)
