A GUIDE TO PREVENT

Illegal Dumping

IN OUR COMMUNITIES

What is illegal dumping?

Illegal dumping occurs when solid or liquid waste is discarded in an unpermitted area. Doing so can lead to environmental and public health concerns including water pollution, insects, rodents, and other scavengers

that may transmit disease.

Illegal dumping is everyone's problem. Valuable staff time and resources spent on illegal dumping enforcement could be used for more serious crime and health issues. You can help prevent illegal dumping by:

- Reporting residences or businesses that do not have garbage service to the City's Environmental Services Division
- Reporting illegal dumping of any material into a storm drain inlet
- Contacting StopWaste or the City's Environmental Services Division to learn what items can be recycled or composted
- Scheduling a bulky pick up with Republic Services, the City's exclusive franchise hauler
- Self-hauling solid waste to the Fremont Transfer Station
- Dropping off household hazardous waste at the Alameda County Household Hazardous Waste Facility
- Donating unwanted materials to a local charity

If you observe illegal dumping, WITHOUT endangering yourself:

STEP 1: INFORM THE PERSON DUMPING THAT THEY ARE CONDUCTING AN ILLEGAL ACTIVITY

STEP 2: TAKE A VIDEO(S), OBTAIN IDENTIFYING INFORMATION SUCH AS VEHICLE DESCRIPTION AND LICENSE PLATE NUMBER, AND CONTINUE TO NEXT STEP

If Steps 1 and 2 are not an option, continue to next step*:

**ALL REPORTS ARE KEPT CONFIDENTIAL AND CAN BE MADE ANONYMOUSLY*

STEP 3: IDENTIFY THE DUMPED MATERIALS

STEP 4: IDENTIFY THE LOCATION OF THE ILLEGAL DUMPING

STEP 5: CAN YOU DETERMINE WHO DUMPED THE MATERIAL?
