

Teen Leadership Academy

The Teen Leadership Academy is designed to provide our young adults opportunities to gain real life and work experience through civic engagement. Junior high & high school age youth are given an opportunity to perform community service while learning the principles of project management, work ethic, leadership, team work, and character building. These programs are valuable and approved for volunteer service hours by the FUSD and other local public and private schools. Please discuss the programs with your school's volunteer service coordinator for final approval. Students will receive on average 20-35 service hours per week!

Counselors in Training (CIT)

Looking to do something fulfilling this summer? Become a C.I.T. and have fun while gaining valuable work experience at the same time! As a Counselor-In-Training, teens volunteer at our youth summer camps and special event programs where they learn leadership skills like: working effectively with children of all ages, lead recreational activities, and learn about the various ages and stages of child development. These skills will help them mature as leaders AND potential future employees of the City! There are more than 15+ volunteer work sites (day camps) located in Central Park and throughout the City. Teens will be scheduled to volunteer specific days/weeks and times – the work assignments will be given out by Friday, June 21. Registrants receive an average of 20+ service hours per week. No program Jul 4.

Youth Service Corps (YSC)

Youth Service Corps is a summer program that offers a unique experience for teens. Participants will be performing community service while learning the principles of project management, work ethic, leadership, team work, and civic engagement. Each morning volunteers complete community work projects that include tasks such as weed abatement, minor park equipment repair, painting, landscaping, etc. Each afternoon, volunteers will participate in outdoor recreation activities that further build on the principles of team work and leadership. Optional weekly field trips are offered at an additional cost. Registrants receive an average of 20+ service hours per week. No program Jul 4.
