

Mobility Commission

City Council Presentation
June 4, 2019

Considerations

Structure and Role of Mobility Commission

- Outreach with: City Councilmembers; City Executive Staff; Other Agencies; Bicycle and Pedestrian Advisory Committee
- Geographic vs. Modal Representation
- Community Engagement, Effectiveness, Efficiency
- Overlap of Roles with Council, Existing Commissions, Committees

Mobility Action Plan

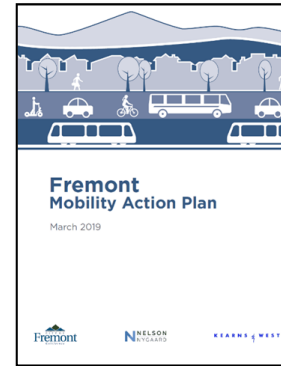

Summary of Action Items

“Program” Topics

- Traffic Signal Modernization
- Safe Access to Schools
- Shift Travel Modes (AC Transit Modernization; Bike Plan; Ped Plan)
- Traffic Safety (Vision Zero)
- Smart Mobility (Signals, Parking, Shared Vehicles, On Demand Shuttles)

“Policy” Topics

- Regional Land Use and Projects (convene annual Mobility Summit)
- Regulation of Navigation Apps
- Require Transportation Demand Management (for new development)
- Local Revenue Enhancement
- Create Mobility Commission

Recommendation

Evolve Bike/Ped TAC into Mobility Commission

Select Commissioners Based on Modal Expertise and Ability to Lead Volunteer Working Groups Related to Mobility Action Plan Items

- Traffic Signals and Smart Mobility (2 members)
- Safe Access to Schools (2 members)
- Bicycling and Micro Mobility (2 members)
- Transit (3 members)

(Also Strive for Commission Diversity: Geographic, Age, Gender, Ethnic)

Full Commission Roles

- Quarterly Coordination Meetings (or additional meetings as needed)
- Oversight of Major Overall Goals: Safety, Mode Shift
- Approval of Grant Applications (when required)
- Annual Work Session with City Council (Spring)
- Participation at Annual Mobility Summit (Fall)

Proposed Next Steps

Approve Ordinance for Mobility Commission - September 2019

Recruit and Appoint Mobility Commission - Fall 2019

First Mobility Commission Meeting - January 2020
