Perhaps you and I met in your home, in the last 30 years, to help resolve your pet issues. My volunteer group, Western Waggins, assists families providing pet solutions, for free. Improving home life prevents surrenders to the pound, sparing Fremont Animal Services hundreds of animals. Serving families is my dedication and incentive to become mayor. Preventing violence on innocent public during gatherings and public transportation is my priority. Modernizing buses and bus stops, increasing routes, is essential for crisis readiness mobility. Fremont must have a Civilian Defense Project, established by youth, as it is their future, and protecting the elderly, the at-risk, and vulnerable populations. I am well informed and take part in addressing our needs, i.e. homelessness, traffic, schools, police, and I will work diligently with Fremont City Council to make the progress promised you. After my career at The Research Laboratories of GM followed by The Research Laboratories of IBM, I founded The Tolerance Firm to develop new forensic research aiming to prevent sexual abuse, mass violence, and hostage crisis in corporate workplaces. This mathematical science also applies to community venues. Please choose me as your mayor of Fremont. Nothing is impossible with your support. Thank you.

My education and qualifications are (begin text here): J.D., University of California, Hastings College of the Law; B.A., Dartmouth College. Dear Voter: I am a native son of Fremont, and it hurts me to see the direction our beloved city is going. Rather than career politicians serving themselves, I believe that the citizens of Fremont deserve to have their voices heard and opinions respected. Transparency in government means proactively seeking public input before major decisions are made—Not After. Fremont is being overdeveloped with unaffordable condos that are putting great strains on our schools and roads. To effectively address this, the increases in crime, and the homelessness crisis, we need transparent leadership. As VP of a global software engineering company, I brought jobs back to our City of Fremont during the pandemic. In 2018, I spearheaded a citywide conversation about adopting smart technologies to ease traffic congestion. I serve on the Ohlone Community College District Foundation Board, and as an Ohlone College professor of business law, I teach my students to think outside the box. As Mayor, I will fight for public safety, modernize our outdated technological infrastructure, and advocate for lasting structural change. Together, We Can—and We Will—create a brighter future for the City of Fremont and actualize our greatest potential. Respectfully, I ask for your vote. Sincerely, Justin. www.Justin4Fremont.org

Thank you for the honor of serving you! As your Mayor, I've maintained Fremont's fiscal accountability, balancing budgets and fostering a healthy economy. Strengthening advanced manufacturing, making smart choices leveraging workforce development, and generating programs supporting neighborhood businesses -- all of which drive Fremont's economy. Through challenging times, I've ensured your public safety through city-led COVID testing initiatives to address the community's essential needs through PPE, small business grants, rental assistance programs, and providing food for families. I've reaffirmed Fremont's commitment to transformative climate actions enhancing green initiatives: implementing emergency resiliency solar microgrids, opening an award winning Warm Springs BART station, reducing traffic, and constructing reliable EV charging stations. Fremont implemented strategies for multi-modal mobility, garnering national recognition for our Safer Routes to School. Working with you, I led innovation/investment in critical infrastructure by insisting that developers fund their fair share of our new elementary school and senior center. I strengthened our affordable housing inventory and addressed homelessness through a housing navigation center and mobile hygiene unit. While we've made incredible strides, there is more we can accomplish together to remain a safe inclusive, and quality community. I humbly ask for your vote. Visit www.LilyMei.org.

I love Fremont, and I believe our best days are ahead! As an immigrant and mother of autistic children, I understand the hardships faced by immigrants, people of color, and people with special needs. Through my beloved Marine husband, I've learned the meaning of dedication and perseverance. As your Councilwoman, I have always strived to champion the issues you care about most. I have worked to address issues like housing and homelessness, expand senior services and programs for families, and support our small businesses. I continue to work hard to ensure that our local economy recovers quickly from this COVID-19 pandemic. I believe in a Fremont characterized by safe, clean, and vibrant neighborhoods. If re-elected, I promise to continue building bridges and affect pragmatic solutions such as: improved traffic corridors, safer communities, police accountability, and creating a job workforce pipeline. I have refused contributions from developers and corporate special interests. You can count on me to be your voice at City Hall. And please know this: my door is and will always be open to you. Join elected officials, teachers, small business owners, and working families and vote Teresa Keng for a better Fremont! https://www.teresaforfremont.com

Dear Voters, Thank you for the privilege of serving you and Fremont these past four years as your Councilmember. As a near lifelong resident, I am running again for my love of Fremont and to keep Fremont the special place it is. My efforts as your Councilmember have been about getting things done, whether advocating for schools, or enhancing safety via improving our streets and roads, or advocating for modern signal timing to reduce traffic congestion. Many of my issues were implemented by city staff to alleviate traffic in District 5. I stood up to irresponsible developments that caused significant problems with traffic, school overcrowding, and city services. I helped block these irresponsible development sites at Ohlone College, Sabercat, and Ellsworth. I have championed open space and protection of our hillsides. As your representative, I will continue improving our quality of life and stepping up for Fremont's toughest issues fiercely protecting Fremont's interest for seniors, youth and families. I will maintain fiscal accountability and strengthen public safety. I listen to Fremont residents and respect your concerns. I am independent and will be the people's voice at City Hall. I humbly ask for your vote. www.RajSalwan.com (510) 516-1450

Election Title & Date: CITY OF FREMONT GENERAL MUNICIPAL ELECTION, NOVEMBER 3, 2020

Office Title & Jurisdiction: FREMONT CITY COUNCILMEMBER DISTRICT 6

Name of Candidate: Haiyun (Charles) Liu (printed name)

Occupation: Fremont Planning Commissioner, businessman, parent Age: 52 (optional)

Brief statement of not more than 200 words expressed by the candidate himself/herself. Candidate must type the Candidate Statement in uppercase and lowercase type. My education and qualifications are (begin text here):

We can do better. As a current Fremont Planning Commissioner, I have demonstrated my resolve to fight for affordable housing to go hand in hand with each development project throughout the city, rather than having many affordable housing projects concentrated in Irvington District 6. I will use a collaborative approach to work with all stakeholders to find common solutions to cut traffic congestion. We will encourage job centers in Silicon Valley to relocate jobs to where people live to reduce cut through traffic. More jobs coming to Fremont and District 6 can revitalize Irvington's commercial districts. I will do much more to help small businesses survive the pandemic, because they are the fabric of our community. Each small business closing such as Cloverleaf means people losing jobs and that could worsen Fremont's homeless problem, which the City should do more to help. I'm a consensus builder and work well with people in business and non-profit organizations, where I am the president-elect of Rotary Club of Fremont. As your Councilmember I will work tirelessly with the council to maintain fiscal accountability, balanced budget, community services, and keep Fremont the safest and happiest city in the country. Please vote for me. www.Charlesliu.org

Neither grammar nor spelling will be proofed or changed. This document is available in electronic form and you are encouraged to submit it to the Elections, Official electronically; as well as in hardcopy paper format.

My education and qualifications are (begin text here): As we define our "new normal", we need bold leadership for our city's challenges to keep families safe and mitigate the economic uncertainty due to the COVID-19 pandemic. We are experiencing out of control development, increased traffic, homelessness on the rise, and a lack of communication between city hall and residents. I'm running for City Council because I know that better isn't just possible - it's what Fremont deserves. As a Fremont Planning and Economic Development Commissioner, I know smart growth planning and strong local jobs can elevate our neighborhoods. As a board member of local nonprofits, I've seen how people-centered decision making unites communities. On the Council I will build stronger partnerships between city hall and our schools, rehabilitate our aging shopping centers, and support families and small businesses struggling due to the pandemic. I will bring smarter solutions to public safety, champion housing affordability, address social injustice, and fight for regional dollars to build necessary infrastructure and end homelessness. I have refused contributions from developers/corporate special interests. I have lived in Fremont for 35 years, raised my family, and managed my small business in our district. I'd be honored to earn your vote. www.yogiforfremont.com

Serving 12 years as Trustee for Ohlone Community College Board, I've helped lead efforts to improve the college's transfer rates to 4-year universities - ranked Top 5 in the state. As Trustee, I helped to approve annually \$235,000 college scholarships to local high schools for next generation. As your Fremont City Councilmember, I will bring my diverse, decades-long experience to solving problems in our city like COVID-19 Economic Relief, public safety reform, small business initiatives, local job creation, transportation, food giveaways, and affordable housing. Although I lost my schoolteacher parents at an early age, I graduated from Northwestern University as the first African-American woman in the United States to earn a degree in Nuclear Engineering and MBA Degree. I was appointed during the Obama Administration and re-appointed under the current Administration serving on California District Export Council on Small and Minority Businesses. As former Chair of the Fremont Economic Development Advisory Commission, I've supported small businesses, local job creation, and led international trade missions. I will bring a new voice to City Council for greater collaboration between the city and schools, champion good paying jobs, economic relief, scholarships, quality parks, and a safe environment. I will work hard for all Fremont residents to build a better community together. www.teresacox.org

My education and qualifications are (begin text here):

I am running for the District Sixth because I feel I can bring a fresh outlook to the legislature. There are pressing issues facing our district, and I want to be a part of the solution. School districts and local governments need more funds to supply needed services. Citizens need to have confidence that their needs, including housing, safety, jobs, and education, will be met. I have lived and worked in this district since 2003. I am a mother, health IT manager, perceiving Doctorate in healthcare Leadership and serving in Parent-Teacher-Association since 2012 in various positions. All these years are serving and actively working with the community, conducting educational activities, addressing the safety and traffic issues for our kids, serving under-privileged friends. I was part of the robotic projects along with the kids for city planning and had a strategic plan to keep our community environmentally safe. Excelled in managing the Open-Shores services company, trained the fresh grads for job interviews, product development, and administration services. I am well-suited for this position. I want this district to continue to be a beautiful place to live, work, and play for generations to come. Thank you for your vote.
