Are we going to hear the same propaganda or see some real actions and realistic proposals?

We are tired of being victimized. Perhaps is time to take the law into our hands before our families are getting hurt.

Where are the property taxes money going to? Why is the police not increasing their personnel? We are not feeling safe anymore, we live in fear and the Mayor's are not protecting our cities.

Time for a revolution. We should not tolerate this anymore.

Hello Fellow Ardenwood Neighbors!

Those of you that attended the Ardenwood Virtual Town Hall Meeting back in November might remember that we were supposed to have a second update meeting starting in the new year. I have spoken to Yanneth Contrada who is one of the Public Affairs Specialist for Fremont PD and in charge of our community as well as Teresa Keng, our District 1 Council Member and at the current moment, Yanneth does not have a second meeting planned.

However, she recommends us all to attend the up-coming Fremont Police Department Community Meeting happening next week on **Wednesday, April 14th, 2021 at 6:30 PM via Zoom.**

If you have any concerns regarding our neighborhood or Fremont in general, this is the perfect time and forum to bring and discuss any concerns.

Information below:

[Fremont Police Department Community Meeting](#). Please join Chief Kimberly Petersen and members of the Fremont Police Department on April 14, 2021 at 6:30 p.m. for a virtual community meeting. Community members will be presented with details and information to include 2020 crime trends, initiatives, and highlights during the COVID-19 pandemic. Staff will also discuss crime reduction strategies in response to rising property crimes and several recent shootings. This is the second year the Department has organized a community meeting to provide year-end data and information as a direct result of the positive feedback, attendance and requests received by our community for more engagement opportunities.
